Missing/Lost

Upon receiving a report of a missing/lost child, young person or vulnerable adult, it is expected that the event staff/volunteer receiving the report will IMMEDIATELY notify Law Enforcement by:

- Speaking with an officer, firefighter/medic or other event staff patrolling the fairgrounds who will notify dispatch
- Or
- Calling the non-emergency dispatch number 801-489-9421

Law Enforcement, upon receiving a report of a lost child, young person or vulnerable adult will report all known details of the situation to dispatch. Dispatch will coordinate available resources and will request additional resources if needed to search for the missing person.

Offering Support to Family/Friends

Any parent/guardian of a child or young person, or friend of a missing person, who reports them missing may be considerably distressed and need support. Reasonable efforts will be made to help distressed friends/family. Volunteers may be asked to sit with or liaise with family members so officers are free to conduct the search for the missing person.
